Those who know, know: Rebecca Whitworth's skin-care services are out of this world. She delivers one of the best skin-care packages that the Bay Area has to offer. We die for her special packages (\$140): a sumptuous facial, a lip and eyebrow wax, a special enzyme mask followed by a gratifying hand, foot and head massage. The icing on the cake? You can buy her luxurious line of organic skin care after you are reeling from the results of her treatment! Trust us, Rebecca is one of "us," with a heart as gentle as her touch.
