Decorated with touches of Indian silk, plush velvet, and hints of angels, Le Sanctuaire is a convenient and secluded Potrero Hill getaway. A facial here feels like a visit to your best girlfriend's house (if she were one of the City's best aestheticians). This intimate sanctuary offers the very best skin care in a peaceful, personalized environment. A loving and spiritual soul, Rebecca incorporates many techniques into her customized signature treatments, and uses organic and corrective skincare products. A treatment at Le Sanctuaire includes everything you need to put your best face forward. Your experience begins with aromatherapy steaming, sage-soaked warm towels, hydrating organic rosewater, and deep-pore cleansing. You'll receive your thorough exfoliation and extractions while relaxing on a magnetic mattress pad, enjoying an acupuncture foot treatment and a glorious neck, shoulder, and scalp massage.
